(a) FINDINGS.—The Congress finds that—

(1) the Department of Agriculture has completed the second roadless area review and evaluation program (RARE II); and

(2) the Congress has made its own review and examination of National Forest System roadless areas in the State of Nevada and of the environmental impacts associated with alternative allocations of such areas.

(b) DETERMINATION.—On the basis of such review, the Congress hereby determines and directs that—

(3) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to National Forest System lands in the State of Nevada, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of Nevada;

(5) areas in the State of Nevada reviewed in such final environmental statement or referenced in subsection (d) and not designated as wilderness in section 2 shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604): *Provided*, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(6) in the event that revised land management plans in the State of Nevada are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of

1974 (16 U.S.C. 1604) and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purposes of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1600-1614) and other applicable law; and
